

Board Delays Action On Lincoln School Bids And Mt. Joy Plea; OK Straban

The Gettysburg Area Merged School Board at its February meeting Monday evening worked through a heavy agenda and took these actions:

Opened bids for Lincoln School that ranged from \$500 to \$77,500 and delayed decision on the sale until a special meeting Friday.

Agreed to receive Straban Twp. School District into the merged district if township voters approve at the spring primary.

Delayed a decision on a similar request from Mt. Joy Twp. until the special meeting Friday evening as Mt. Joy school directors continued their efforts for a merger vote.

Accepted resignations of two members of the merged board but deferred action on filling the vacancies.

CONDITIONS ATTACHED

Sealed bids on the 56-year-old Lincoln School building at Hanover and York Sts., unused for several years except for storage, were opened at 8 p.m. and then were held over until the special meeting Friday evening at 7 o'clock.

First bid opened was that of the Atlantic Refining Company for \$77,500 which had two conditions attached. The conditions were that the school district can deliver a "marketable title" to the property and the other was that there are no borough ordinances preventing razing of the school building and the construction of a service station there.

The next bid was that of the Adams County Motors Corporation for \$23,181.28. The others were those of John R. Muth, 100 N. Cameron St., Harrisburg, for \$500 and that of the Gettysburg Engineering Company, Wilbur L. Plank, president, for \$4,000. Each bid was accompanied by a certified check covering at least 10 per cent of the respective offer.

QUESTION TITLE

The quality of the title the school district will be able to deliver was questioned by Harold J. Stable, Harrisburg, representative of the school district.

ASSIGN WING TO NPS TEAM ON POLICIES

The Washington office of the National Park Service announced today that Superintendent Kittridge Wing has been selected by Director George Hartzog as a member of a special team for revision of Park Service regulations to make them conform to the policies governing management of the three categories of areas in the park system—natural, historical and recreational.

Beginning February 8 and lasting for six weeks, the team will meet in Washington, D. C., and work toward providing a separate management concept and a separate set of management principles for each category of areas, coordinated to form one organic management plan for the entire system.

Also selected on the team were Supt. Fred C. Fagergren of Grand Teton National Park; Asst. Supt. James M. Eden, Blue Ridge Parkway, and Gerald E. Mervin and E. Buschman of the Washington (Continued on Page 3)

Bitter Cold, Rain, Snow And Strong Winds Whack Deep South, Other Areas

By THE ASSOCIATED PRESS

Bitter cold drove into the Deep South today and much of the country shivered through a night of subzero temperatures, rain, snow and strong winds.

Even the groundhog refused to emerge to check on his shadow in some areas.

In Chicago, Lincoln Park Zoo officials refused to allow their two groundhogs outdoors on Groundhog Day because of bad weather.

Folklore has it that if the groundhog sees his shadow, there will be six more weeks of winter.

SPREAD IN SOUTH

Arctic air over the North Central states pushed south through the lower Mississippi Valley and southern Texas and east over the Tennessee and Ohio valleys. Cold-wave warnings were issued for Arkansas, northern Mississippi and sections of Tennessee and Kentucky.

Temperatures edged near zero in parts of Kentucky and Tennessee, with 4 above at Louisville, 6 above at Nashville and 3 above at Crossville, Tenn.

Schools were closed in 29 Kentucky counties because of snow and cold.

5 INCHES OF SNOW

Rain fell over the central Gulf Coast states and a belt of snow whitened an area from Tennessee to the Carolina mountains north to southern New England and the eastern Great Lakes.

Five inches of snow fell in Knoxville, Tenn., and 4 inches were measured in Crossville and Bristol.

Four-inch snowfalls also were reported in London, Ky.; Beckley, W.Va.; Binghamton, N.Y.; and Muskegon, Mich.

Several school systems were closed today in North Carolina mountain areas because of snow.

Showdown On U.N. Dues Postponed

UNITED NATIONS, N. Y. (AP) — Apparently abandoning hope of breaking the deadlock over assessments, delegates worked today to wind up housekeeping details and bring the most fruitless General Assembly in U.N. history to an end.

The assembly won another delay Monday in the threatened U.S.-Soviet showdown over voting rights by agreeing to another week's recess while new efforts are made to negotiate a solution to the U.N. financial crisis.

Some delegates expressed doubt, however, that another week would bring negotiators any nearer a solution than they were two months ago.

Ambassador B. N. Chakravarty of India said he saw no hope for a solution in the next few days.

DORCHESTER ANNIVERSARY IS OBSERVED

The anniversary of the sinking of the U. S. troopship "Dorchester" off Greenland February 3, 1943, made famous by the actions of the "Four Chaplains," was marked Monday evening at the meeting of the Albert J. Lentz American Legion post in the Legion home on Baltimore St.

Post Commander Robert W. Fox, Adjutant Harold L. Small and Chaplain Richard L. Fox presented the commemorative program detailing the scene on the Dorchester when it was torpedoed. Four U. S. Army chaplains, Clark V. Poling, Reformed; Alexander D. Goode, Jewish; John P. Washington, Catholic, and George L. Fox, Methodist, passed out life jackets and when it was found that there were more men than life jackets, gave their own to save four other men. Last seen as the ship sank, the four were standing on the slanting deck, their arms linked in prayer.

383 MEMBERS

The program included reading of a poem "Four Men of God" by Commander Fox and the reading of "George Washington's Prayer for the Nation" by Chaplain Fox. Adjutant Small read the history of the sinking of the Dorchester.

Reports showed present paid up membership to total 583, compared to 380 at the same time a year ago. The post needs 156 more members to equal its total (Continued on Page 3)

SAYS NUMBER OF PHONES DOUBLED HERE

The number of telephones in the Gettysburg District has almost doubled in 10 years, Arthur M. Eckert, district manager for the United Telephone Co., told the Rotary Club at its meeting Monday evening in the YWCA.

Presenting his classification talk as a member, Eckert said the telephone business has had "tremendous growth" in the last 10 years.

While most people know only of the Bell system, largest in the nation, there are 2,700 independent companies in the USA such as United Telephone Company of Pennsylvania. United Telephone is a subsidiary of United Utilities, Inc., of Kansas City, Mo., the second largest phone company in the nation.

SERVE 16 COUNTIES

"United of Pennsylvania serves 16 counties, including Adams, and has 126,275 telephones in 60 dial exchanges. It is the first major telephone company in Pennsylvania to be 100 per cent dial, and it grew from 9,854 telephone lines in 1929.

"The Gettysburg District has 3 employees and 11,396 telephones under its four exchanges, Gettysburg, Biglerville, Fairfield and York Springs. The 11,396 phones today compare to 6,342 in 1954. The people of the Gettysburg District average 46,370 local and 3,892 toll calls per day."

INDICT CLARK FOR MURDER OF WIFE; PLEADS "NOT GUILTY"

A total of 21 indictments were approved by the Adams County Grand Jury at its session Monday.

Judge W. C. Sheely praised the group "for completing such a large amount of work in one day" when the last indictment was handed up about 5 o'clock Monday evening by Foreman Mac R. Lott, Gardner R. 1.

Among those indicted was Alton Blair Clark, New Oxford R. 1, charged with the murder of his wife and his mother-in-law. He was brought before the court at the close of its session for arraignment. Attorney Eugene R. Hartman introduced to the court Attorney Richard P. Noll, of the York County bar, who will assist with the defense. Deputy Clerk Miss Patricia Mummert read to Clark the first indictment against him and asked how he pleaded. His reply was "not guilty." He was then asked how he wished to be tried, and he said "by jury," on prompting by his attorneys. Miss Mummert then concluded with the final statement ending arraignments on such charges: "May God grant you a just deliverance."

TEARS IN HIS EYES

Immediately afterward she read the indictment on the other murder charge against him, and again the formal procedure followed, with Clark responding "not guilty," and asking trial by jury, and Miss Mummert concluding with the formal: "May God grant you a just deliverance."

Tears were in Clark's eyes as he listened to the formal charges while standing before the court, flanked by his attorneys.

The jury also approved the murder indictment against Curtis Eugene Ewing, Waynesboro, charged with shooting his wife. However he was not brought in for arraignment Monday.

OTHER INDICTMENTS

Among indictments approved in addition to those previously listed were:

J. Richard Hamm, Hanover, establishing a gambling place; (Continued on Page 2)

Highways To Be Ready In 1966

Adams County could not meet its highway needs under the present pace of construction until 1996 according to a tabulation of highway needs by counties as broken down for the General Assembly by Governor Scranton on Monday.

The details were contained in his proposal to set up a \$10 billion, 10-year program to revolutionize and accelerate the current pace of highway building. Striking a statewide average, Scranton said the average length of time which would be required under present capabilities to meet the needs of the counties is 57 years. The shortest time is the 10 years required in Carbon County and the longest is Fulton County's 146 years.

The time needed to finish construction on primary and secondary roads (interstate is excluded) was calculated at the rate of construction as carried on over the last five years.

The highway needs of Adams County were listed as \$66.95 million in primary and \$20 million in secondary roads.

FRANKLIN HAS DOUBTS ABOUT WAGE TAX PLAN

Members of the Franklin Twp. School Board at their February meeting Monday evening heard the Waynesboro wage tax setup explained and concluded that in Franklin Twp. such a plan would fall short of producing the necessary income for the school budget.

Crawford Mackley, tax coordinator for the Waynesboro Area School District, discussed the wage tax there, explained the mechanics of setting it up, the plan of quarterly collections from employers who are paid two per cent of their collections for their services and said collection costs for the school district amount to about one per cent of the total gathered.

Noting that a wage tax applies to all residents, aged 16 years and up, the Franklin Twp. board with Mr. Crawford's help estimated the wage tax receipts there might be the equivalent of a 12 per cent levy on the present occupational assessment. If township supervisors claimed half of the wage tax, the net for the school district would be less and the school district could find itself "40 per cent short on its budgetary requirements," the schoolmen concluded.

GRANT LIONS' REQUEST

A community where there is stable, preferably industrial, employment throughout the year is a requirement for a successful wage tax operation, the board concluded. Part-time employment hurts returns. Waynesboro is pleased with the wage tax operation but Mr. Crawford agreed that in some types of communities it would not work.

Three Treated For Fractures In Falls

Three persons were treated Monday at the Warner Hospital for fractures suffered in falls.

Albert W. Butterfield, 55, R. 6, sustained a fracture of his left upper arm in a fall while ice skating near his home.

Mrs. Ada H. Sperry, 79, Emmitsburg, also suffered a fracture of the left upper arm in a fall on ar. Emmitsburg street.

Hinton C. Collier, 46, Baltimore, an employee of the Harry E. Nau Co., Washington, D. C., sustained a fractured right wrist in a fall from a scaffolding at St. Joseph College, Emmitsburg.

COUNCILMEN TALK POLICE ISSUES HERE

Police matters, the naming of the borough shed as an "impounding garage" and appointment of several board members, were among matters before the Gettysburg borough council at its meeting Monday evening.

Council conducted a thorough discussion on what was termed "dissatisfaction" in the police force and promised "every help" to solve "a problem of years standing."

During the discussion Mayor William G. Weaver said, "The town has a record of good police protection." Councilman Richard Smith said, "For the conditions, I think the men have done a good job." Councilman John Welshonce said, "They do the job but have no harmony among themselves." Council President Philip M. Jones said "Somebody needs to be boss, in the police department."

ADD TWO MEN

During the course of the meeting Kenneth Hull, who had been named chairman of the safety committee when Richard Smith asked to be relieved of that responsibility, announced that the committee plans to add two men to the police force.

Council approved suspension of Patrolman Raymond Menges for two weeks without pay, from February 3 to February 16, for "neglect of duty and conduct unbecoming an officer." The motion directed that Menges be notified by registered letter. Council said Menges has a right to appeal the suspension to the Civil Service Board and Attorney Donald G. Oyster, the borough solicitor, said that if Menges requests "we will give him the specification of the charges."

CHAIN OF COMMAND

Discussion indicated that there should be a chain of command in the police department, with the mayor in charge over the chief, the chief in charge over the men and responsible for their actions.

Hull said his committee will meet with the chief and mayor and "set up a chain of who is in command. When the chief is absent, the sergeant is in charge. In the absence of the sergeant and chief, there will be a list of who is next in line." He also said his committee will set up regulations for the department listing responsibilities.

Council had previously forbidden use of extra police and when questioned about use of extra police, Mayor Weaver said the extra men had been "traffic guards," unarmed and with no authority to arrest. Some councilmen held this was an "evasion" and Councilman Hull said "after tonight there will be no payment for traffic guards, extra police, unless you have a written order from the (Continued on Page 2)

New Water Heater For County Home

The county commissioners this morning authorized Weishaar Brothers to install a new hot water heating system immediately for the kitchen at the county home as the result of an emergency malfunction of the present system. The commissioners said that valves in the present heating system have not been working properly and have resulted in a lack of hot water for washing dishes.

The new system, which will serve only the kitchen, will cost \$775, the commissioners said. They added that the present system is adequate for other hot water demands at the home.

A representative of the state planning board was scheduled to meet with the commissioners this afternoon following their regular visits to the county home and the jail.

KIWANIS CLUB REVIEWS WORK

One of the greatest achievements of the local Kiwanis Club has been the work with girls and boys of the community, members agreed Monday evening at a meeting in the Holiday Inn to mark the 10th anniversary of the local organization.

Robert McCoy, Clyde Markle, Sizer Burton, Dr. George Wolfe, Roy Thomas, William Ditzer and Ernest Krape reviewed the struggles and successes of the local chapter since its formation and paid special tribute to the fellowship program of Kiwanis International. Borough Drops One Mill Tax On Real Estate; '64 Spending Under Budget

COUNCIL VOTES FREE PARKING ON SALE DAYS

Gettysburg borough council Monday evening tentatively adopted its budget for the coming year, and dropped the tax rate by one mill.

The 1965 budget will be \$203,300, the same amount as was budgeted for 1964. The new tax rate on real estate will be 15 mills instead of 16. The amusement tax was retained at the same figures as last year.

NOTES IMPROVEMENTS

Finance Committee Chairman John A. Welshonce in presenting the budget to the council said: "The borough of Gettysburg has completed the year 1964 in a good financial condition, expending \$193,104.47 of a \$203,300 budget."

"By the exercising of good operational methods and financial responsibility it has stayed within its budget by \$10,195.53 while improving and maintaining its high standard of borough government. More borough streets have been rebuilt than at any other period, snow removal has been second to no other borough or city in our country, and storm sewers have been added. Constant police and fire protection were made available to all citizens of the borough and surrounding communities. Recreation programs were enjoyed by 50,238 children and adults at one time or another during the year."

URGENT SAME BUDGET

"Of the \$193,104.47 spent, \$101,154.51 was wages to employees of the borough who are residents of this community, \$2,097.89 was spent as the borough's share of FICA tax, \$73,818.15 was paid to local businesses within a 20-mile radius for service and products, and \$16,033.92 was paid to business outside the 20-mile radius for products and services not obtainable within the local area."

"In view of the financial condition of the borough, the finance committee is recommending a budget of \$203,300 for 1965, the same amount allotted for 1964. The committee is also proposing a tax reduction of one mill on all real estate."

OPEN FOR INSPECTION

In accordance with the borough code, the budget will remain open for public inspection for one month, and final adoption will take place at the March meeting.

The proposed budget provides \$24,000 for general government, \$67,000 for safety; \$1,000 for health; \$65,000 for highway purposes, \$14,300 electricity; \$19,000 recreation and \$13,000 miscellaneous.

Copies of the audit for the prior year were presented to the councilmen at the meeting.

PRESENT BALANCE

The report of Treasurer Charles E. Kuhn as of February 1, showed that at the present time the town has a balance of \$44,525.60 in the checking account and \$85,000 on certificates of deposit, a total of \$129,525.60. Income during January was \$6,238.79 including \$3,580.20 from the parking meters, \$1,253 collected by the mayor, \$440.08 from the amusement tax, \$53.77 from the building official, \$708.10 from the tax collector and \$95 from justices of the peace.

Expenditures during January totaled \$20,668.19 including \$1,439.83 for general government, \$6,054.66 for protection to persons and property, \$11,900.49 highways, \$928.77 electricity and \$324.44 recreation.

OPPOSE PARKING BAN

A petition was presented from residents of Breckenridge St. opposing the ordinance adopted last month banning parking from the first block of Breckenridge St. between Baltimore and S. Washington Sts. The petition held that taxpayers on the street have no place to park, that the lack of parking will reduce property values and increased vehicular traffic will endanger children. The petition proposed that instead of banning parking, the street be made one way, with parking on one side.

A resident of W. Water St. objected to the removal of parking from the north side of the street and held that the parking should be switched to the other side, holding there would be more space on that side.

E. WATER ST. PETITION

A petition was received from residents of E. Water St. protesting the ban on parking on the north side of that street, holding that there is insufficient space for autos of residents. The petition also stated those who reside on the south side of the street cannot park to the rear of their homes because of the Tiber.

The objections listed in the petition and others were outlined by residents and one suggested that perhaps the Tiber could be (Continued on Page 3)

UPPER ADAMS ATHLETES TO BE HONORED

The Upper Adams School Board at its meeting Monday evening approved plans to hold a banquet for members of the wrestling and basketball teams and the cheerleaders. The coaches will be contacted for suggestions and an appropriate date.

Superintendent Donald B. Hudson reported on his observations of the elementary teachers.

The first in-service workshop on modern mathematics under the direction of Dr. Clyde Corle, of the Pennsylvania State University, has nearly 100 per cent attendance it was reported.

Hudson reported that the reception for the educational TV at Biglerville and Arendtsville is "very good" and installation of equipment at the Benders. (Continued on Page 3)

Union Ignores Johnson Pleas To Resume Dock Work Under New Pacts

By MALCOLM STEPHENSON

NEW YORK (AP) — Top officials of the striking longshoremen's union have declined to comply immediately with President Johnson's request that the men return to work in the ports from Maine to Texas where contract settlements have been reached.

Johnson, who relayed his request through Secretary of Labor W. Willard Wirtz, also urged early settlements in the other ports.

The situation in Philadelphia, where negotiations resume today after an overnight recess, has been named as a major factor in charting the union's course.

CONFERS WITH UNION

Asst. Secretary of Labor James J. Reynolds conferred here Monday with leaders of the AFL-CIO International Longshoremen's Association.

Reynolds, with ILA President Thomas W. Gleason at his side, later told newsmen that union officials would make no decision on the White House request until it was certain that ILA locals in Baltimore and Philadelphia had accepted contract terms.

A short time later, word came that ILA members in Baltimore had approved a four-year contract by a vote of 1,879 to 468. The contract is a revision of the one defeated last Wednesday 1,371 to 1,016. Baltimore has 4,500 dock workers.

For many years the ILA has not allowed its men to work in any port until locals in all ports reached agreements. Locals in a number of South Atlantic and Gulf Coast ports still have not reached settlements. Pacific Coast longshoremen belong to a different union.

NEW EFFORT ON CONSTITUTION

HARRISBURG (AP)—Another attempt to call a constitutional convention to rewrite the state's 91-year-old Constitution was made Monday in the Senate.

A bill calling for the convention to convene in Harrisburg next Jan. 3 was introduced by six Democrats with Sen. Paul W. Mahady of Westmoreland County as principal sponsor.

A Scranton administration referendum calling for a convention was defeated at the polls two years ago.

Mahady's bill would have the General Assembly convene the convention and then submit its work to the electorate for approval.

The convention would be required to complete its assignment by Feb. 1, 1967, with the document it writes presented to the people "at a special election" to be held the third Tuesday of March, 1967.

Counselors Hear Three Officials

Three officials from as many colleges gave details of admission requirements Monday evening at a meeting of the Adams County Guidance Counselors Association in the faculty lounge at Gettysburg Senior High School. Donald Sterner, Biglerville, president of the association, presided. The speakers were Albert Drachbar, Shippensburg State College; Bradley Culbertson, York Junior College; and Deane G. Bornheimer, Gettysburg College.

The three agreed that "academic achievement records are the best indication of college success." The three principal things studied when a student applies for admission to college, they said, are "the student's high school grades, the aptitude test scores and the recommendation of school principals or guidance counselors."

Board Delays

(Continued From Page 1)
ing Mr. Muth. He said the title will be "rather questionable" and Muth's bid was submitted on the basis of the school district's advertisement. He noted the highest bid received was "conditioned."

Attorney John A. MacPhail, counsel for the school district, told the bidders that the fact that the school district had acquired a title to the school property through eminent domain procedures in 1908 had come to light only a day or two ago and its effect "will be investigated."

After setting the time for the special meeting, the directors went into executive session with Attorney MacPhail, presumably on the Lincoln School matter.

QUESTION OF TAXES
After a discussion with four members of the Mt. Joy Twp. School Board of that district's pending petition for acceptance into the Gettysburg merger, directors expressed their willingness to accept the township if the tax problems could be worked out with the township supervisors who now take the one per cent real estate transfer tax and \$5 of the per capita levy in that township, leaving only \$10 per capita for school purposes.

The Gettysburg merged district collects the property transfer tax and \$12.50 in head taxes here. President Rex Maddox of Mt. Joy Twp. said his school district will end this year "with a balance, three buses and a car" and pointed out that the same problems with regard to taxes would come up in 1966 if the merger is delayed until that time.

SUPERVISORS MEETING TOO
State law requires uniform school taxes within a district and Supt. H. Edgar Riegler pointed out that if the Gettysburg district would lower its rates to \$10 per capita and give up the real estate levy to conform to Mt. Joy it would lose more than \$22,000 a year.

Noting the fact that the township supervisors also were in session Monday evening the Gettysburg board deferred final action until Friday on the Mt. Joy matter with the hope that some change might take place in the stand of the township supervisors.

The Straban Twp. petition for acceptance into the merger involved "no tax problems" with the school district there already collecting the real estate transfer tax and a head tax of \$14. The motion to accept Straban was adopted unanimously on a roll call vote.

TWO RESIGNATIONS
The board accepted with regret the written resignations of John W. Woods of Freedom Twp. and Dr. Jacob Heikkinen, a director at large whose term would not expire until 1967.

Mr. Woods explained that he is a township auditor and has been advised that he is therefore ineligible to serve as a school director. He had been appointed a few months ago to fill a vacancy after another resignation. His term would expire December 1 of this year.

Dr. Heikkinen will leave this week on a round-the-world mission for the Lutheran Church and offered his resignation because he will be unavailable for meetings for some time.

CIVIL RIGHTS REVOLUTION

The directors accepted unanimously a resolution required by the U. S. Department of Health, Education and Welfare in which the school district gives assurance of its compliance with provisions of the Civil Rights Act. Several directors noted "there has never been any question about compliance with the Civil Rights Act here." The vote was unanimous.

The board heard the monthly report of the Gettysburg National Bank as treasurer showing receipts of \$5,931 in Gettysburg taxes, \$466 from Freedom Twp., \$388 from Highland, \$712 in real estate transfer tax and \$9,613 for the extension recreation program. The largest expense item was a \$40,000 payment to the joint school district and a month-end balance of \$92,997.

The board adopted a resolution of appreciation for the services over the last 24 years of J. Herbert Weikert, who is serving his last year as school district tax collector.

President Robert W. Weaner presided with six other directors in attendance, including Secretary Orville B. Orner, Robert H. Deardorff, William Williams, Glen Trostle, William I. Jacobs and Horace Waybright. The absentees were Howard A. Knouse, and Guy J. Oyler.

SLEDDER INJURED
James Fickel, 13, Gardner R. 1, was treated Sunday at the Carlisle for a fractured finger suffered while sledding.

"THE HARD WAY"

When we learn something the hard way . . . we are not quick to forget . . . things gathered through experience . . . are permanently set . . . some people are inclined to . . . seek out the easy way . . . too late they will wake to find . . . that is does not pay . . . I do not mean that we should drift . . . into the realms of sin . . . with this type of experience . . . we cannot hope to win . . . I mean to stress the value of . . . hard work and industry . . . what we accrue in this way . . . will live for time to be . . . learn all you can as you traverse . . . the rocky roads of life . . . the hard way leads to happiness . . . the easy way, to strife.

TO SPEAK HERE ON WEDNESDAY

Rev. Harry G. Flinner, missionary to Peru, will speak in the Church of the Nazarene, Windbriar Lane, on Wednesday at 8 p.m.

This is his second furlough since being appointed to Peru in 1964. He and Mrs. Flinner had

REV. FLINNER

one year of language training in Mexico City before assuming their duties in Peru.

During his years as a missionary, Rev. Flinner has served as a pastor for two different churches and the director of the Nazarene Bible Training School in Chiclayo, Peru. In four years prior to this furlough, Rev. and Mrs. Flinner established a new mission station in the Peruvian jungles.

In his missionary services, Rev. Flinner will present curios and customs of Peru. He will also use colored slides depicting the life and customs of the people coupled with the work of the Peruvian Church of the Nazarene.

Rev. Flinner graduated from Asbury College, Wilmore, Ky., in 1950. He has done graduate work in the Nyack Missionary College, Nyack, Ky., and the University of Oklahoma, Norman, Okla.

The public is invited to attend.

Ream Qualifies As Expert In Firing

Pfc. Vernon J. Ream, 24, son of Mr. and Mrs. John B. Ream, Gardner R. 1, has qualified as expert in firing the .45 caliber submachine gun at Fort Hood, Tex.

The expert rating is the highest mark a soldier can achieve in his firing qualification test. Ream, an armor crewman in Company C, 2d Battalion of the First Armored Division's 13th Armor, entered the Army in September, 1963, and completed basic training at Fort Gordon, Ga.

Former District Governor Talks

Charles Mowery, York, comptroller for the York Machine and Foundry Company and candidate for a third vice presidency of Lions International, was the speaker for the weekly dinner meeting of the Gettysburg Lions Club Monday evening at the Varsity Diner.

Mowery, who is a former district governor and international director of Lions, talked on "The Importance of Looking." He spoke of "the backward, the inward, the upward and the forward look" in developing a philosophy of life.

The local Lions voted a \$25 donation to the Northeast Eye Bank and made their annual \$1 contribution to the County Home Auxiliary. The Lions received an invitation to attend a special Exchange Club program February 16 in observance of National Crime Prevention Week.

The Weather Bureau said movement of vessels could help prevent ice floes from coagulating on the Mississippi River.

RIVER IS CLOGGED
The Detroit River was clogged from shore to shore. An auto ferry became trapped Monday in an ice field outside the Muskegon harbor.

The East Coast from New England to Florida had poor weather.

Roads were slicked across New York State as snow fell. New Hampshire and Vermont ski areas got a snowfall measured from 2 to 4 inches.

Connecticut had up to 4 inches.

Florida warmed a bit Monday after frost and freezing temperatures.

The flood threats eased off in the Northwest.

COUNCIL VOTES

covered over to provide an alley and parking space.

Rev. Dr. Howard S. Fox and several members of his church governing body presented a petition from the church protesting two-way traffic on S. Stratton and E. High St. Dr. Fox held that two-way traffic cannot get through on Sundays when parking is permitted on both sides of the street and claimed there is danger of accidents at the intersection of E. High and S. Stratton Sts. He recommended returning E. High and S. Stratton to one way.

COMMITTEE REPORT

Kenneth W. Johns, of the planning commission, said traffic experts hold that one-way streets are not the answer for Gettysburg because it has so few cross-town arteries. He also held, "The streets are built for traffic, not garaging. If the town provides parking for some of its people, it would have to provide garaging for all its taxpayers."

All of the matters were referred to the highways and safety committee and the planning commission to study last month's ordinances in the light of the petitions and oral statements made at the meeting by the people of the areas.

Council accepted a deed from the Gettysburg Area School Board to the area at the point of Lincoln School.

OPEN TAR BIDS

Henson Paving, Hanover, which has had the contract during the last year for tar, again was the low bidder. Its bids ranged from 21 to 24½ cents a gallon. Service Supply's bids ranged from 22 to 26 cents a gallon.

Bids for supplying stone were received from Bethlehem Mines Corporation, quoting prices of \$1.35, \$1.45 and \$1.60 for various types; from Teeter Quarries, listing \$1.50 and \$1.70 as prices, and from Gettysburg Limestone, near Fairfield, listing \$1.25 and \$1.40 prices. Council let the bids for washed chips to Bethlehem Mines and the other stone to Gettysburg Limestone.

Only one bid was received for concrete. McDermitt, Inc., listed its bid as \$15.25 per cubic yard for AA, \$14.75 for A and \$14.25 for B concrete. The bid was accepted.

David E. Wentz Promoted To PFC

David E. Wentz, 21, son of Mr. and Mrs. Elwood F. Wentz, 106 Oxford Ave., McSherrystown, has been promoted to private first class in Gardner, Kan., where he is serving with the 55th Artillery's 5th Missile Battalion.

Wentz, a fire control operator entered the Army in May, 1964, and completed basic training at Fort Gordon, Ga.

QUOTES UDALL LETTER
Included in the announcement was a letter from Secretary of Interior Stewart Udall which follows in part:

"The concern of the National Park Service is the wilderness, the wild life, the history, the recreational opportunities, etc., within the areas of the system and the appropriate uses of these resources. The responsibility of the Service, however, cannot be achieved solely with the boundaries of the areas it administers.

"The Service has an equal obligation to stand as a vital, vigorous, effective force in the cause of preserving the total environment of our nation. The concept of the total environment includes not only the land, but also the water and the air, the past as well as the present, the useful as well as the beautiful, the wonders of man as well as the wonders of nature, the urban environment as well as the natural landscape.

SOLLENBERGER IN CHARGE

"The national parklands have a major role in providing superlative opportunities for outdoor recreation but they have other people serving values. They can provide an experience in conservation education for the young people of the country, enrich our literary and artistic consciousness, help create social values, contribute to our civic consciousness and remind us of our debt to the land of our fathers.

"Preserving the scenic and scientific grandeur of our nation, preserving its history, providing healthful outdoor recreation for the enjoyment of our people, working with others to provide the best possible relationships of humans to their total environment—this is the theme which binds together the management principles and objectives of the National Park Service. For the National Park Service it is the road to the future."

Assistant Supt. Samuel Sollenberger will be acting superintendent until the return of Supt. Wing.

The committee in charge included George Weaver, chairman; Francis Redding, Paul Knox and Norbert Felix.

Sergeant Selected Most Outstanding

Staff Sergeant Donald H. Lammy has been selected outstanding noncommissioned officer of the past six months in his Strategic Air Command (SAC) unit at Forbes AFB, Kan.

Sergeant Lammy, an air police supervisor, was chosen for the honor in recognition of his leadership, exemplary conduct and duty performance. He is assigned to the 815th Combat Defense Squadron, which supports the SAC mission of keeping the nation's intercontinental missiles and jet bombers on constant alert.

Mrs. Lammy is the former Miss Nancy Duvall, daughter of Mr. and Mrs. Ray P. Duvall, Fairfield R. 2.

Autopsy Report Not Completed

Dr. C. G. Crist, Adams County coroner, said today he has not yet received a report on the autopsy performed on Charles E. Herr, who was found dead early Saturday when his Gettysburg R. 2 trailer was destroyed by fire.

Dr. Kenneth Ehrhart, Hanover, conducted the autopsy on the badly burned body at the Bender Funeral Home. Various specimens were sent to the laboratory at Harrisburg for study.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO

The storeroom on Chambersburg street, at present occupied by the tailoring establishment of R. H. Bushman, has been leased to H. F. Smith, of York, who will open a millinery store early in the spring. Mr. Bushman will have his business place with that of John W. Brehm.

That they believe the coming summer in Gettysburg will be a good one for tourist trade is shown by the activity of the various hotelmen in renovating their places, in adding equipment, and in refurbishing the rooms. At the Eagle Hotel, Frank Eberhart, proprietor, expects to put in a number of private baths, increasing materially the number already installed. There is an increasing demand for this form of accommodation and each year for some time past Mr. Eberhart has been adding to the number of rooms so arranged. He will also refurbish a number of the bedrooms, putting in new furniture and carpets. Henry Scharf, the new manager of Hotel Gettysburg, has had the entire place overhauled since he took charge some weeks ago. Every room in the hotel has been cleaned, all the woodwork in the bedrooms repainted and some furniture installed. One of the most notable improvements to the place will be the completion of the lighting system in the lobby. The other hotels of town will also be given attention so that all coming here will be sure of attractive accommodations.

Invitations have been received in Gettysburg to the marriage of Miss Anna Elizabeth McCall, daughter of Mrs. Mary McCall of Littlestown, and Charles Edwin Swisher, of this place. The ceremony will be performed in St. Aloysius Church, Littlestown, at eight o'clock on the morning of February 9.

Gettysburg Aerie 1562, Fraternal Order of Eagles, celebrated the eighth anniversary of their organization in Gettysburg with an elaborate banquet and smoker at their home on Chambersburg street, Thursday evening. The banqueters included 200 members and friends, each Eagle being allowed to bring a guest. The supper was in charge of Greenie Washington and Dangerfield Mitchell, who were the caterers for the evening. It was served by the waiters from the Eagle Hotel and Hotel Gettysburg. Those in charge of the evening were C. Tyson Tipton, Harry C. Gilbert and Dory Robinson. Gettysburg Aerie was founded here on January 29, 1906. During the early years of its existence the order had its quarters in the building of Dr. H. L. Diehl, Chambersburg Street. Recently they purchased the large three-story structure belonging to Calvin Gilbert on the second block of the street. This they have adapted and furnished for their purposes so that it is now most comfortable and attractive. The Gettysburg Aerie numbers 212 members and is one of the most active of the local fraternal organizations.

Catherine Raffensperger, four-year-old daughter of Mr. and Mrs. William Raffensperger, near New Oxford, was painfully burned Thursday afternoon when she fell backward into a kettle of boiling lard. Her father, hearing her screams, rushed to her and saved her from fatal injuries. The lower part of the child's body was terribly scalded but it is believed she will recover.

Today's Talk

THE RIGHT TO DISAGREE
Too many of us accept the opinions of others without question. We were given a mind of our own that we might use it honestly and fearlessly. It often takes much courage to disagree with someone whose judgment and intelligence we may greatly respect, but it is our right and privilege to disagree if we feel that we are right and the other wrong.

A leader cannot for long remain such if he doesn't have the courage to express himself as he thinks. We honor our men and women in public life who have this courage. They stimulate our own thinking and help to point us to solid ground.

We would soon have no mind of our own if we always agreed with everyone else. All progress and civilization are the result of courageous thought at times when opposition has been greatest. New ideas and new truths have to fight their way to triumph. We need all the courage we can muster to defend our ideals and independent manner of thinking.

An early teacher of mine once told me it was my privilege to believe I was right until it could be proved I was wrong. All my life I have tried to stand by that premise. We admire, and look up to those who have the courage to express themselves as they honestly believe, even though we may not agree with them.

We can always learn from those who disagree with us. They stimulate us to think things for ourselves, whether right or wrong. In the end we find out what is right and what is wrong. Often it costs both friends and position to have the courage to stand by one's convictions, and to disagree with those who may be just as honest as ourselves, but it is the only way, as has been proved time and again!

All our opinions come to us through a careful and sincere search for the truth. If we are patient and courageous, it will be revealed to us. There are lights all along the way. We should give consideration to each. Otherwise we may find ourselves in total darkness!

"Hello, Harry, old scout Hello, Eddie, how's the old soup bone?" These were greetings Evangelist Billy Sunday flung at Harry Davis and Eddie Plank at the tabernacle in Philadelphia Sunday night, as he wiped the perspiration from his face after his strenuous sermon on booze. The veteran southpaw of the Athletics, who has enlisted with the Federals for the coming season, and his old pal on the former world's champions were among the most interested in all the great audience that heard Billy preach Sunday evening. The two old ball players were introduced to Ma Sunday and she took them to where Billy was standing with his coat on his arm, having shed it when his exertions made it uncomfortable. Billy was delighted at the meeting and showed it as he threw an arm about the shoulders of each and fired questions at them.

Robert Black Diehl has sold his store business in the Taughenbaugh building on N. Washington street to Augustus Orner of Arendtsville who took possession today. Mr. Orner will move into the house on E. Middle street now occupied by Mr. Diehl and Mr. Diehl will occupy the portion of the Taughenbaugh property recently vacated by Prof. H. Milton Roth when he moved into his new residence on Broadway.

Gettysburg High Invades East Pennsboro Tonight; Junior High Hosts Carlisle

Gettysburg High School's basketball squad, its back to the wall in its quest for the second-half title in the Blue Mountain League, travels to Enola tonight to meet East Pennsboro, the 1964 titlist.

The Warriors were easy victors over East Pennsboro here in the first half 85-46 but their play has improved considerably which would indicate a tough game tonight. The Panthers have won both of their two previous second-half games in a determined bid for the title and effectively used an all-court press in both contests.

Biglerville and Northern, both 0-2 in the second half, clash at Biglerville this evening. The Panthers will be without the services of Lexie Eckenrode who was discharged Sunday morning from Holy Spirit Hospital, Shiremans-town, where he was taken after suffering a head injury at Susquehanna Friday night. He will be out of action at least for one full week.

Gettysburg Junior High has a home engagement tonight, entertaining Carlisle in a South Penn League double-header. The Braves are riding in first place with a 6-1 record while Carlisle is 1-2. The junior varsity game will start at 6:15.

A-F GAMES

In the Adams-Franklin League New Oxford (7-2) plays at James Buchanan (3-5); Greencastle (7-1) at Bermudian (1-8), and Littlestown (5-3) at St. Thomas (3-5). Fairfield has an open date.

Two games are listed this evening in the Central Penn Catholic League. In a second-half game Delone, 14-0 in the new round, meets Lebanon Catholic at McSherrystown. Complications could arise tonight when the final first-half game between Bishop McDevitt and Lancaster Catholic is played at Lancaster. McDevitt can clinch the first-half honors with a win while a Lancaster triumph would create a first-half tie among five teams—McDevitt, Lancaster, Delone, York and Shamokin.

MOUNT AT HOME

Mt. St. Mary's (13-1), idle since January 16, due to midyear examinations, resumes its schedule with three games this week, first of which will be against Baltimore tonight at 8 o'clock at Emmitsburg.

The Mountaineers have a six-game win streak going and are the current Northern Division leaders in the Mason-Dixon Conference. Thursday evening the Mount opposes Loyola in the Baltimore Civic Center at 9:15 following the 7:15 game between Duquesne and Florida State. On Saturday the Mount tangles with Hampden-Sydney on the latter's floor. All are M-D contests.

NEW YORK (AP)—The National Hockey League's Board of Governors' meeting here today had an interested onlooker from Los Angeles but if NHL President Clarence Campbell is right, he will remain on the outside looking in.

"Los Angeles has been bidding for a National League franchise at every opportunity," Campbell said Monday, "but I don't think it can come right now."

PSU CAPTAIN

UNIVERSITY PARK, Pa. (AP)—The Penn State football team Monday night elected Bob Anderson, an offensive center from North Plainfield, N.J., as captain for the 1965 season. The election was held at the annual football banquet of the State College Quarterback Club.

HUTCHINSON IS HONORED BY WRITERS

PHILADELPHIA (AP)—Fred Hutchinson, who continued to manage the Cincinnati Reds although dying of cancer, was named Monday night Most Courageous Athlete of the Year by the Philadelphia Sportswriters Association.

The award, made posthumously came at the association's annual banquet.

Other awards were the Outstanding Athlete of the Year award to Los Angeles Angels' pitcher Dean Chance and Football Lineman of the Year award to Penn State's All-America Glen Ressler.

Hutchinson, affectionately known as The Big Bear and Old Stoneface, died last Nov. 12 in Bradenton, Fla., after 26 years as pitcher, coach and manager.

Hutchinson learned in December of 1963 he was suffering from chest cancer. Typical of his straightforward manner he did not try to hide it, and bluntly announced his affliction.

He went to spring training and spent most of the long, hot summer in the dugout with the team before handing over the reins to Dick Sisler, in August.

SELECT MOUNT AS SITE FOR M-D TOURNNEY

Mt. St. Mary's College has been selected as the site for the 1965 Mason-Dixon Conference's annual basketball tournament.

The tournament will be held Thursday, Friday and Saturday, February 25, 26 and 27.

Tonight the Mountaineers, lone unbeaten team in the conference with a 7-0 record, tangle with Baltimore University at Emmitsburg in an M-D game. The Mount is 13-1 overall while the Bees are 2-6 in the league and 2-11 for the entire campaign.

The current conference standing follows:

Kegler Assured TV Bowling Spot

Robert Gilbert, Chambersburg St., has gained second place in the finals division of the Nationwide TV bowling tournament after turning in a total score of 1,240, including handicap.

Nationwide has awarded Gilbert a leather bowling bag, bowling ball and an expense-paid trip to the television final events. Gilbert is guaranteed a televised spot in which he will bowl a three-game match to determine the men's handicap division champion. The time and place for his event has not yet been established.

SCRANTON, Pa. (AP)—Jimmy Calpin, assistant sports editor of the Scranton Tribune, has been elected president of the newly-formed Northeastern Pennsylvania Press-Radio-TV Sports Association, it was announced Monday.

Team's Protest Is Disallowed

HAZLETON, Pa. (AP)—Harry Rudolph, Eastern Pro Basketball League president, said he has disallowed a Wilmington, Del., team protest involving a game at Scranton Jan. 9.

Wilmington protested because officials ruled against its claim of a three-point field goal in the game won by Scranton, 116-113.

Rudolph said the Wilmington protest was not valid because it was based on a judgment call.

Rudolph also announced that the league All-Star game will be played at Camden, N.J., Feb. 12.

LOYOLA LOSES TO ST. JOHN'S IN SURPRISE

By TED MEIER
Associated Press Sports Writer
The St. John's University Redmen took a giant stride along the comeback trail in college basketball Monday night in much the same fashion Floyd Patterson did in boxing by outpointing George Chuvalo.

The Redmen from New York beat Chicago Loyola 92-87 and the result was as much a surprise as the 78-50 bombing St. John's absorbed from Marquette in Milwaukee Saturday, a defeat that dropped the Redmen out of The Associated Press Top Ten.

After Saturday's walloping, the Redmen weren't given much chance against Loyola, upset winner over Wichita Friday, especially on the Ramblers' home court where they hadn't lost in four years.

DID IT HARD WAY

But Coach Joe Lapchick's boys turned the trick and they did it the hard way. They erased a 10-point Loyola lead in the second half on two key baskets by Jerry Houston. The first put the Redmen ahead at 76-75 and the second put St. John's ahead for good at 82-80. Houston finished with 22 points compared to 25 for his teammate, Bob McIntyre. Loyola's Billy Smith was high for the game with 28.

The sixth-ranked Duke Blue Devils crushed Maryland 82-62 at Durham to tie N.C. State for the lead in the Atlantic Coast Conference and the touring 10th-ranked San Francisco Dons took a 59-53 licking from the Tulsa Hurricanes.

Tennessee chalked up its seventh straight and kept on the heels of Vanderbilt in the Southeastern Conference by whipping Florida 75-43 at Knoxville. Kentucky kept alive its slim SEC hopes with a 96-64 triumph over Georgia.

BRADLEY UPSET

Drake wiped out a 13-point deficit in the second half and downed Creighton 76-67 in overtime at Des Moines while Wisconsin handed Notre Dame its first home defeat 98-90.

Arizona State upset Bradley 92-81 at Tempe while Wake Forest downed Clemson 82-75. West Virginia humbled George Washington 111-90. Oklahoma whipped Missouri 87-74. Oklahoma City edged New Orleans Loyola 91-88. Southern California drubbed Hawaii 85-81 and Seattle defeated Montana State 101-83 in other games.

Sophomore Bob Verga, with 23 points, paced Duke over Maryland. Bob Fedorko's nine points in the last five minutes sparked Tulsa over San Francisco. Ron Widby's 22 points, along with A. W. Davis' 17, helped Tennessee beat Florida, a defeat that dimmed the Gators' SEC hopes.

MILWAUKEE BOLSTERS ITS MOUND STAFF

By THE ASSOCIATED PRESS

The Milwaukee Braves have moved again — this time to strengthen their bullpen.

Completing their first trade since the end of the 1964 baseball season, the Braves went back to dealing with San Francisco Monday and shipped catcher Ed Bailey back to the Giants in exchange for left-handed pitcher Billy O'Dell.

Bailey was one of the headliners in a multi-player Giants-Braves swap after the 1963 season, moving to Milwaukee along with outfielder Felipe Alou for pitchers Bob Hendley, Bob Shaw and catcher Del Crandall.

ADCOCK SIGNS

O'Dell is a 33-year-old veteran of 11 major league seasons. He posted an 8-7 record with a 5.40 earned run average last year while appearing in 36 games. In 1962, O'Dell was one of the mainstays of the San Francisco staff, compiling a 19-14 record as the Giants won the National League pennant.

"I'm very happy to get O'Dell," said Milwaukee Manager Bobby Bragan. "His experience and ability should help us a lot."

While the trade was being engineered, Joe Adcock signed his contract with the Los Angeles Angels for his 16th season in the major leagues. The 37-year-old first baseman hit .268 last year with 21 homers.

LADY RETURNS IN MOLYNEUX SPRING STYLES

By JEAN SPRAIN WILSON
AP Fashion Writer

PARIS (AP) — There was a wild burst of applause as Capt. Edward Molyneux, 70, dressed in his traditional gray, took a seat on a sofa in his salon Monday.

A mannequin appeared in a salmon-pink suit with a skirt that covered the knees.

Thus the captain brought back the lady — one with bosoms, round hips, tiny waist, covered knees and every inch refinement and grace.

FEARED GRACE GONE

When the Irish-born couturier retired in Paris 15 years ago because of a blind left eye, many people were of the opinion that refinement and grace had retired with him.

During other collection openings here this week, couturiers have, as a tribute to this season of his comeback introduced so much of the old Molyneux style that little seemed left for him.

There had been speculation the captain might turn his back on the soft, ventilative styles such as those worn by the late Gertrude Lawrence.

DRAPED JERSEYS

However, at the climax of his show three shapely lovelies showed their shapes from neck to toes through diaphanous, draped jerseys under which they wore flesh tights.

A Lovelier You

In spring fashion collections, there are more belted waists. Many more!

A belt never cinches the waist, however. It always sits easy, so

that it subtly indicates the curve of the figure. If that curve is trim, the effect is willowy and in line with a trend for very soft, feminine clothes.

But this relaxed kind of belting is of no help to a heavy waistline. In fact it accentuates girth — adds to the figure. Obviously, to be in shape for new belted fashions, excess inches at the waist must go. They should go in any case. Here are the routines that oust them:

Sleeping Trucker Is Overcome By Smoke

PHILADELPHIA (AP) — A truck driver was overcome by smoke and carbon monoxide fumes Monday as he slept in the cab of his parked tractor-trailer.

The driver, Herbert Riley, 45, of Chambersburg was taken to Pennsylvania Hospital where he was listed in fair condition.

Fellow workers found Riley wrapped in a smoldering blanket, police said. Riley's employer, Milton Lundy, 54, pulled Riley from the cab and administered artificial respiration while others called a rescue squad.

1. Stand erect, place fingertips on shoulders and raise elbows to shoulder level. Without raising shoulders, lift chest and contract waist muscles—hold for 10 counts, breathing deeply. Relax and repeat 10 times.
2. Stand in profile to a low table with arms stretched out at shoulder level. Bending in waist, try to touch fingertips to table top. (You probably can't do it, but the try is what counts.) Repeat 10 times, reverse position and give the other side the same workout.

Always aim for increased speed and rhythm. And be sure to keep arms in shoulder-level position. Action must come from the waist, not the arms.

DINNER FRETS MISS TRUMAN

PHILADELPHIA (AP) — Margaret Truman admitted, after the opening show of her first daily television series, that she was a little worried. Not about the show, but about getting home in time to cook dinner for her husband and three sons.

The show, a local special-events show broadcast live by WCAU-TV, in which Miss Truman is cohost with Bill Hart, lasts half an hour and demands little rehearsal time. It does require three hours commuting every day for Miss Truman—in private life Mrs. Clifton Daniel—between her Manhattan home and the station's Philadelphia studios.

"We have a maid," she said, dashing for the dressing room after Monday's show, "but not a cook. It's going to be tough getting home in time some days."

The current series is scheduled to last, as far as Miss Truman is concerned, only until the show's regular hostess, Nancy Beebe, currently on vacation, rejoins Hart before the cameras.

Transportation Probe Is Urged

HARRISBURG (AP)—A Philadelphia Democrat wants to inaugurate a joint legislative investigation of public transportation in Pennsylvania.

A resolution calling for the investigation was introduced in the Senate Monday by Sen. Benjamin R. Donolow.

"Poor service and increased fares are resulting in fewer and fewer people using these systems," said Donolow.

"Unless positive, aggressive steps are taken — we will be faced with a complete breakdown of the public transportation systems in this state," he added.

The annual report of the club activities was given by William B. Hopkins. President Angell appointed committees for the year of 1965.

The public is invited to attend the regular meetings, held the last Wednesday of each month at 8 p.m.

Chinese Observe New Year, 4663

NEW YORK (AP) — The Chinese New Year, No. 4663, was welcomed in during celebrations in New York's Chinatown starting at midnight.

It is the Year of the Snake, but none of the serpents was evident among some 2,000 persons who jumped as firecrackers exploded at their heels.

A light snowfall did not disturb the happy gathering for the start of the week-long celebrations. During the week there will be dances, acrobatics and on Saturday a parade featuring Miss Chinatown and a Chinese beauty float.

To the Chinese, the snake represents subtlety and longevity. And, as the Chinese would say, "Hung Hay Fat Choy" — or Happy New Year.

WOULD CLEAR STUDDED TIRES

HARRISBURG (AP) — Two House Democrats are attempting to clear up once and for all the uncertainty over use of tires with carbide studs for winter driving.

Reps. Edward W. McNally, D-Cambria, and Gust L. Stemmler, D-Westmoreland, introduced legislation Monday that would make studs legal on Pennsylvania highways.

The use of studs for driving on ice and snow has been the subject of widespread controversy this winter.

At first it was believed stud tires were illegal, but the state Justice Department ruled last month that the law did not ban them.

Despite the ruling many tire dealers were left with the impression they could not sell tires with carbide studs.

The proposal would clarify the law, allowing studs as long as they do not extend three 32nds of an inch beyond the tread of the tire.

WANTS ZONING FOR "70" PARKS

PITTSBURGH (AP) — Dr. Maurice K. Goddard, state secretary of Forests and Waters, says communities should provide zoning protection for state, regional and municipal parks that will be established under Project 70.

Goddard told 700 delegates at the opening session of the convention of the Pennsylvania Association of Township Supervisors Sunday that zoning laws would keep junkyards and poor commercial enterprises away from the parks. The state, he said, would then need less land in which to develop the parks.

Project 70 is a \$70-million program to more than double recreational areas in Pennsylvania by 1970.

Milton W. DeLancey, secretary of the association, asked the delegates to support a proposed amendment to the U.S. Constitution that "would keep U.S. Supreme Court judges in their place."

He said "the most serious threat to our township form of government is the U.S. Supreme Court's decision on reapportionment."

Tracking-Station To Be Closed Soon
CAPE KENNEDY, Fla. (AP) — The missile-tracking station on San Salvador Island will be closed, and 300 employees will be dropped from the Air Force Eastern Test Range payroll in an economy move.

The Air Force made the announcement Monday. Affected will be 170 employees of Pan American World Airways and 130 of Radio Corp. of America. The dollar saving was not announced.

Only a small caretaker force will remain on the Bahamas island.

\$5,000 DIAMOND THEFT

You seldom ask yourself

"How does the GAS get here?"

You're So Sure It Will! Natural gas is so dependable you probably seldom think about it. You merely adjust your thermostat or turn the dial on your gas range or dryer and automatically they perform their helpful tasks.

Behind the scenes a vast organization of people, machines and specialized devices do their jobs to put natural gas where you want it, when you want it.

SCRIBE FINDS "STONEHENGE" SHOW TOO LONG

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — There is one television problem that probably will remain unsolved as long as program lengths are rigidly controlled by the minute hands of the clock.

It was demonstrated Monday night in a real-life detective story on CBS called "The Mystery of Stonehenge."

Stonehenge, about 90 miles outside London, is a large circle of enormous stones, some fallen, which most people believe are the ruins of a pre-Christian Druid cult.

SOLUTION BY ASTRONOMER
British archeological teams have dug around there for years and are now certain that the stones were placed there about 4,000 years ago, long before the Druids.

Then a young Boston astronomer fed maps of the positions of the stones and charts of movements of the sun and moon into a Harvard computer. As a result, he and some others are certain that Stonehenge actually was a Bronze Age temple, an observatory and a primitive computer, used to chart the sun and moon and even able to predict eclipses. Other students of the ancient ruin are not so sure.

All of this interesting research and theory was diagrammed, explained and demonstrated. The trouble came when the programmers had too much time to fill. It would have been a stunning 40-minute program — and, alas, there is no such thing.

"LUCY" TOO SHORT
On the other hand, Monday night's "Lucy Show" on CBS could have been happily extended.

ed a bit beyond its half hour. The star was joined by another comedienne of superb ability, Ann Sothern. Together these pros romped through a hilarious drunk scene.

Earlier in the evening ABC launched Peter Jennings, a young Canadian newscaster as his dinner-time newscaster. Jennings is nice looking, pleasant mannered and acquitted himself well enough with a routine and workmanlike summary of news and pictures.

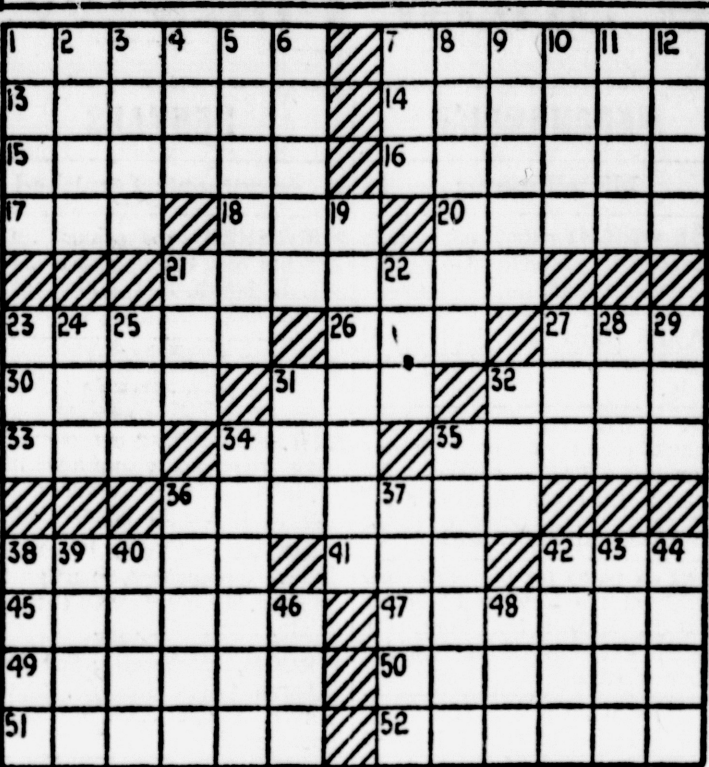

Recommended tonight: "Mr. Novak," NBC, 7:30-8:30 EST — with Burgess Meredith, new costar, making his first appearance; "Concert in Pantomime," CBS, 8:30-9:30 — Red Skelton and Marcel Marceau in a special performance, with Maurice Chevalier introducing them.

SCRIBE LAUDS TV COVERAGE ON CHURCHILL

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Complete, well-organized coverage of the state funeral of Sir Winston Churchill in London by CBS and NBC through most of Saturday likely will be remembered as among the medium's finest hours.

The competing networks used a communications satellite, chartered planes, helicopter, tons of electronic equipment, cable and radio to speed the pictures and story to viewers on this side of the ocean.

The American broadcasters who handled the commentary on various phases of the lengthy proceedings were well-prepared and did competent jobs. The inspired moments, however, came when one or the other network was relying on the comments of the marvelously fluent staff of the British Broadcasting Corp.

An illuminating chronological report, devoid of soaring sentiment and elegant prose, was NBC's hour resume with David Brinkley at his precise, dry best.

ABC, the third network, was content to broadcast the video tape film that came by Telstar twice during the day and then wrapped up the event with a

How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline non-acid powder holds false teeth more firmly and more comfortably. No gummy, soapy pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at drug counters everywhere.

dinner-hour special early Saturday.

LIKES NEW SHOW

"For the people," CBS' new dramatic Sunday night series proved to be realistically conceived, and extremely well acted. It promises to be as stimulating as its parent series, "The Defenders," although in mood and style it recalls the old and excellent "Naked City" series.

During the hour, we were introduced to the workings of a New York district attorney's office. William Shatner stars as a young, dedicated assistant DA.

It was a good show. It will be interesting to see whether a handsome, intense but happily married hero will make the audience grade. Television heroes are traditionally bachelors and widowers — except in situation comedies, of course.

Mid-City Blaze Levels One Block

CARBONDALE, Pa. (AP) — Fire raged Monday through an entire city block in the center of Carbondale, Lackawanna County.

No casualties were reported. Police said the fire spread from an auto supplies store to a nearby bar and grill, a tavern and the Hotel American, and was out of control.

They said they were "afraid the whole block is gone." Fire companies from eight nearby communities were summoned to help fight the general alarm blaze.

BRISTOL, Pa. (AP) — Burns suffered in a fire that damaged his home have proved fatal to Minot Hill, 50. Two policemen found Minot, his clothing ablaze in the bedroom of his home last Thursday. He died Saturday in Lower Bucks County Hospital.

DUSK TO DAWN OUTDOOR LIGHTING

PROTECTS YOUR PROPERTY FOR ONLY \$4 A MONTH

If you live beyond the limits of regular street lighting, here's your own private outdoor lighting service. On at dusk—off at dawn, it provides these big advantages—

- protects your property—discourages prowlers, thieves and vandals
- prevents accidents—makes steps, garages and driveways safer
- gives your family a sense of security
- sets off the beauty of buildings and property

And you pay just \$4.00 a month. No investment—no additional charges. This flat fee includes the lighting fixture itself, complete installation, photoelectric cell to turn it on at dusk and off at dawn, electricity to operate the light, and any necessary maintenance — including replacement of burned-out lamps.

Find out today why Dusk To Dawn lighting is a smart idea for any property-owner. Use the coupon below, or call your nearest Metropolitan Edison Company office.
